

***A Million Miles
From Nowhere***

In loving memory

The DeLand-Weldon High School Yearbook Staff is dedicating this 2001-2002 yearbook to Mr. Stiverson.

Mr. Stiverson dedicated 23 years to our school and our students. He was a great teacher, excellent coach, respected principal, admired boy scout leader, and friend to all that knew him.

He brightened our day with his good morning Hello Hello Hello. He cared for each and everyone one of us and made it a point to know us individually. He would do anything in his power to help someone in need. He offered his sage advise to us. It seems there wasn't anything he didn't know.

Mr. Stiverson will be missed at DeLand-Weldon for years to come. We are so thankful that we were able to share a part of his life. We are all better people just by knowing him.

I'm sure Mr. Stiverson is looking down on us and feeling proud of his many students and the accomplishments and goals they strive to achieve.

Gerald W. Stiverson

This has been a year of shocking and unbelievable happenings.

A million miles from nowhere, a power company buys some farm land to build a peaker power plant. The Goose Creek Energy Center will mean additional tax revenue for the school district. Unbelievably, of all the places in the US, we were fortunate to have been chosen for this site.

A million miles from nowhere, students and staff sit in shock as they watch airplanes crash into the world trade center and the pentagon on September 11. Thousands of people were killed. They realize the world will never be the same.

A million miles from nowhere, students and staff sit in shock when they hear the news that their principal, Jerry Stiverson, has died. Everyone pulled together during his two month hospital stay. They realize that D-W will never be the same.

However, as difficult as it may seem, we must all carry on in our normal routines while we remember the unknown heroes of 9-11 and our very own hero, Mr. Sti.

Tribute at the Flagpole

Before

After

On September 11, 2001, our world suffered a truly devastating tragedy by the terrorist attacks on our nation.

Our students and staff participated in a "Tribute at the Flagpole" in honor of the thousands of people that lost their lives during this tragic event. LifeSavers collected close to \$1,000 to send to the Red Cross on behalf of these victims.

The before picture was taken during the band and chorus trip to New York City in May 2000. This picture has a whole new meaning to those of us on this trip as the New York skyline has been changed forever as is shown in the after picture.
